

RRG TOYOTA SPRINT SERIES

2015

TOYOTA

Round 1 / Snetterton 100 Circuit / 29th March 2015

The first round of this years Toyota Sprint Series was held at Snetterton in Norfolk. Using a split junction coming up to Agostini corner, 2 laps of the 100 circuit made a challenging course. But not challenging enough according to mother-nature. Rain clouds were constantly hanging over the circuit throughout the day, turning into a horrendous storm in the afternoon. It's safe to say it's the wettest TSS sprint we've ever had, with the track layered in water and mud, drivers soon realised the 'racing line' was not necessarily the quickest way round!

Results in Reverse Class Order

Class D Street - Up to 1.6 Normally Aspirated

D Street was the biggest class of the day with 6 drivers battling it out to take the top spot. Dan Handley (above right) had an impressive first sprint on his TSS debut, stealing 2nd place from Sallyanne Elliott by half a second with a run of 2.12.12. Despite this, Dan Quinn still managed to beat all 5 Yaris's in his Corolla (above left) with an incredible 2.09.53.

Class C Street - Over 1.6 Normally Aspirated

After a couple of 'steady' laps, Richard MacKay (above left) pulled a 2.06.41 out the bag to win the class. Fellow Celica owner Andrew Windas (above right) couldn't beat his first run of the day, finishing on a 2.14.19.

Class C Pro - Over 1.6 Normally Aspirated

Current champion of Class C Street, Peter Mason (above), moved his MR2 in to the Pro Class this year. Just like everyone else, Peter struggled to find traction and finished the day on a 2.04.49.

Class B Street - Up to 1.6 Forced Induction

B Street 2014 champion Vit Seebaluck (above) was the class's only entry in the first round of this year's sprint. With just 3 valid runs, Vit pushed his Starlet Glanza to a 2.04.47, narrowly beating Peter from C Pro by just 2 hundredths of a second.

S-U-M-M-I-T

Class B Pro - Up to 1.6 Forced Induction

Phil Cutler (above right) put out a great battle in his Supercharged MR2 with his best time of 2.04.61, but he just couldn't quite match the pace of Barrie Newsome (above left) in his EP82 Starlet, winning the class with a 2.03.09.

Class A3 Street - Over 1.6 Forced Induction

An outstanding performance by Andrew Haw (above left) lead him to class victory and 3rd overall. By being very consistent throughout the day, Andrew made it look easy with his best time of 2.00.39 being no match for the rest of his Team Taddy class mates. Jared Lodge came 2nd with a 2.11.28.

Class A3 Pro - Over 1.6 Forced Induction

2.02.96 was James Clayton's (above left) first run and 2.02.96 is what won him the first position trophy. Yet another class full of Celica's, the 5 drivers put on a great show with Joe Tapply (above right) grabbing second place with a 2.03.73 on his sixth run.

Class A2 Street - Over 1.6 Forced Induction

Last years A3 Street Winner Jay Wood (above) moved up a class this year to A2 Street due to slight modifications on his GT4 Celica. Round 1 saw Jay competing on his own but he still managed to produce a very respectable 1.59.97 on his last run, putting him in 2nd place overall.

Class A2 Pro - Over 1.6 Forced Induction

Three MR2's took to the track to give us a great start to the A2 Pro Class this year. With John Luck (above right) pushing his car to a 2.03.63 on his last run, it just wasn't quite enough to beat the 2.01.05 that Neil Latham (above left) set, out of nowhere on his sixth attempt.

Class N2 - Standard GT86's

Alec Keeler (above right) finished second in Class N2 with a 2.09.52, exactly 1 second in front of Mike Anchor in 3rd. But it was Chris Mawby in the red GT86 (above left) who gained the top spot with a very good time of 2.06.89.

Class N1 Street - Modified GT86's, Normally Aspirated

A great turn out for the GT86's and Class N1 Street hosted 5 of them. Both Kevin Atkins (above left) and Lauren Blighton (above right) entered some great times in their N/A cars. Once traction was found, Lauren's second run was her best - 2.02.62, but it was Kevin who came out top with an excellent time of 2.01.38.

Class N1 Pro - Modified GT86's, Normally Aspirated

After finishing 3rd overall in last years championship, Stan Hawrylak joined Team Fensport in his newly developed normally aspirated GT86 - which was ready for collection less than 24 hours before the sprint! With no other competitors in his class, Stan got quicker and quicker as the day went on, finishing with a 2.05.22.

Class F2 Street - Modified GT86's, Forced Induction

Another one who picked up their car with moments to spare before the sprint was Mike Pease (above) with his Cosworth Supercharged GT86. Mike set the pace right from the word go, with his best time of 1.58.86 more than good enough to outperform every one else on the day, stealing the show and finishing 1st overall in the first round of this year's TSS. Congratulations Mike!

Class F1 Street - Modified GT86's, Forced Induction

Another Supercharged GT86 - this time by HKS, Maz Yumeda (above), like many others on the day, made his 6th run count. Crossing the line to a respectable time of 2.02.04.

Class F1 Pro - Modified GT86's, Forced Induction

Last year's overall champion, Adrian Smith (right) was struggling to keep the car on the track. With 500bhp and on the wrong tyres, the car was clearly out of its comfort zone. After a few small tweaks to the car after lunch time, Adrian's 6th run was his best with a 2.01.76. Putting him in to 6th place overall.
